

## E40-BATB

Programmable ZigBee/868MHz Smart Thermostat, battery

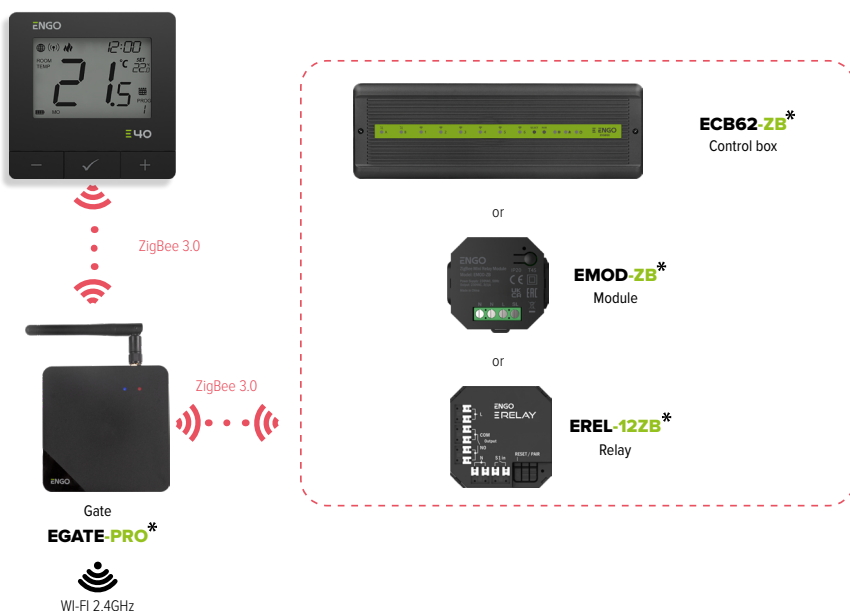

- Lightning-fast installation – battery-powered version
- Hassle-free configuration – online or offline
- Surface-mounted – no wall channelling required
- Compatible with underfloor heating and radiators
- Schedules for better control and energy savings
- Controlled via the Engo Smart app
- Works even without internet and 230V power supply

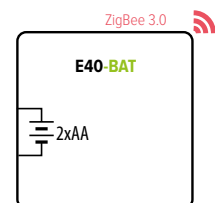

## TECHNICAL DATA

Power supply	batteries 2xAA
Temperature control range	5.0°C to 45.0°C
Precision of measurement	0,5°C
Control algorithm	TPI, Hysteresis ( $\pm 0.2^{\circ}\text{C}$ to $\pm 2^{\circ}\text{C}$ ), Delta RCWC
Communication	ZigBee 3.0, RF 868MHz
Dimensions [mm]	80 x 80 x 23

## CONNECTION DIAGRAMS

## CONNECTION DIAGRAM

### Legend

- Battery power supply
- Connection to the ZigBee 3.0 network
- Connection to a 2.4GHz Wi-Fi network
